WARNER'S ISLAND, ON THE ST. LAWRENCE.

# ON THOUSAND ISLAND RIVER.

▲ New and Beautiful Song, donated to the Public by H. H. WARNER & Co.

The musical score consists of three staves of music. The top staff uses a treble clef, a key signature of four flats, and a common time. It starts with a dynamic of  $\frac{1}{2}$  and includes a tempo marking "Allegro vivace.". The middle staff uses a bass clef, a key signature of four flats, and a common time. The bottom staff also uses a bass clef, a key signature of four flats, and a common time. The lyrics are integrated into the music, appearing below the notes in a stylized font. The first section of lyrics is "A - - way! a - - Ah! fair the Tempo di valse. Shall we for". The second section continues "way! The gold - - en day Beams bright - - ly on the isles, a - - dorned with smiles To greet the woo - - ing get the friends we met And loved up - on the".

# WARNER'S SAFE REMEDIES.

## Safe Kidney and Liver Cure, Safe Pills, Safe Nervine, Safe Bitters, Safe Tonic.

**PRICE, \$2.00**

Warner's Safe Kidney and Liver Cure (formerly "Dr. Craig's Kidney Cure") is a vegetable preparation, chiefly the extract of a wild herb of wonderful medical properties, which is a positive remedy for all diseases of the Kidneys, Liver and Urinary Organs, and the disorders caused by these. Among them are Bright's Disease, Diabetes, Inflammation of Kidneys, and Bladder and Liver, Stone and Gravel, Dropsy, Jaundice, Malaria, Pain in Back, Female Weakness, Convulsions, Heart Disease, Melancholia. THIS REMEDY WILL SURELY CURE BRIGHT'S DISEASE AND DIABETES, AND THERE IS NOTHING ELSE KNOWN THAT WILL. It will also take away the appetite for alcoholic drinks. It is compounded in two ways, one for Diabetes, and the other for the other diseases. If the compound for Diabetes is wanted, call for Safe Diabetes Cure; if the other, call for Safe Kidney and Liver Cure. Price, \$2.00 a bottle.

Warner's Safe Pills stimulate a torpid Liver to immediate activity, and cure Costiveness, Dyspepsia, Biliousness, Bilious Diarrhea, Fever and Ague, and Malaria. They are unequalled as a laxative, and should be used with the Safe Kidney and Liver Cure and other remedies when the bowels are costive and irregular. The Safe Pills will eradicate all Malaria from the system. Price, 25 cents a box.

Warner's Safe Nervine stops pain, and gives natural rest and peaceful sleep to persons suffering with Disordered Nerves from any cause. It cures Headache and Neuralgia, prevents Epileptic Fits, quiets the Delirium Tremens, and is the best remedy for Nervous Prostration brought on by Excessive Drinking, Over-work, Mental Shocks, or other means. It is beneficial at times in all diseases, and produces no injurious effects. Bottles of two sizes; prices, 50 cents and \$1.00

Warner's Safe Bitters are a medicine unequalled for stimulating the appetite, improving the Digestion, purifying the Blood, and building up a weakened and wasted body. They cure Scrofulous and Cancerous Sores and Humors, Ulcers, Erysipelas, Salt Rheum, Pimples on the Face and other Skin Diseases, Constipation, Weakness of the Stomach, Dyspepsia, Dizziness and General Debility. They are a scientific compound from choice Vegetable Extracts, which are quick and permanent in their effects, and can be taken with benefit in all diseases. Bottles of two sizes; prices, 50 cents and \$1.00

Warner's Safe Tonic is similar in its effects to the Safe Bitters, and cures the same class of diseases, but being less active is better adapted to feeble constitutions. Bottles of two sizes; prices, 50 cents and \$1.00

All the formulae obtained from eminent Physicians and Specialists, and all the medicines prepared by experts.

None genuine unless the trade-mark of the Company, representing a safe, is printed on the package and blown in the bottle.

Directions as to Dose and Diet on the Labels.

Warner's Safe Remedies sold by all Druggists and Medicine Dealers.

Pamphlets containing valuable information and testimonials sent free on application.  
Address,

H. H. WARNER & CO., Rochester, N. Y.

## STATEMENT OF H. H. WARNER.

### FACTS, REASONS AND SUGGESTIONS.

H. H. WARNER makes a statement, dated Rochester, July, 1879, addressed to his "Friends, Patrons and Others," which is here condensed.

He calls attention to the fact that his extensive business in fire and burglar-proof safes for many years has made his name familiar throughout the entire country, and refers to those with whom he had dealings, and to his other acquaintances, for evidence that he would not be likely to attempt to impose upon the American people, nor embark in any project unless he believed it to be a worthy one. He thanks his patrons and the public for their confidence, and expresses a desire to benefit them, as well as himself, so far as he may.

"Nor am I inclined," he continues, "to disregard a sense of duty which impels me to place within the reach of the suffering that which has restored myself, and which I believe to be a sure remedy for some of the worst ills of mankind. For these reasons, and not, I admit, without the expectation of receiving adequate returns from capital invested and labor employed, I have interested myself in a new enterprise, but not with the intention of abandoning my present business."

Mr. WARNER says that for some years he had known of CHARLES CRAIG's being cured of Bright's Disease in its last stages by means of a remedy of his own discovery, and of other remarkable cures by the

same means, and was finally induced to try it himself for a kidney disease of so serious a nature that some of the doctors believed it would prove fatal. To his surprise he began to improve at once, and in a few weeks found himself completely cured! This led him to spend several weeks investigating cases, and he found a large number in which the remedy had given relief and effected astonishing cures. He also found that the supply of the remedy, from lack of capital, was not equal to the demand, and he resolved to make arrangements and furnish the means for putting it into the hands of every one who needed it.

Mr. Warner concludes his statement as follows:

"After deciding to embark in this new and very important enterprise, I also decided to connect with the Safe Kidney and Liver Cure three other valuable remedies which would be greatly useful for other widely prevailing disorders. This required new investigations, which were very thoroughly made, in order that the best possible preparations of the kind desired might be secured. The search was successful, and the formulæ obtained, and the remedies are now offered to the public with entire confidence that they will be found effective and necessary, and worthy to stand by the side of this great remedy wherever it may go."

They will be called Warner's Safe Pills, Warner's Safe Nervine, Warner's Safe Bitters, Warner's Safe Tonic; and the four remedies can be obtained of the Druggists or by addressing H. H. WARNER & CO., Rochester, N. Y.

## OBJECTS AND EFFECTS OF WARNER'S SAFE REMEDIES.

## THE SAFE KIDNEY AND LIVER CURE AND SAFE DIABETES CURE.

It may be here explained that Safe Kidney and Liver Cure is a name used generically for two remedies somewhat differently compounded, and also specially for one of them. In the special sense it is for the cure of Bright's Disease and all other diseases of the kidneys, liver, and urinary organs except Diabetes, and the Safe Diabetes Cure is for the cure of Diabetes alone.

The kidneys are situated in the lower and back part of the abdomen, one on each side of the spine, and next to the lungs. They are the most important of the organs that aid in purifying the blood. They take out the waste and poisonous material which is no longer of any use to the system, and which, if it were not removed, would soon affect the more vital organs and destroy life. The most dangerous and dreaded kidney diseases are Bright's and Diabetes. These are usually quite far advanced before their presence is discovered; for in their first stages there are very few symptoms to lead one to suspect that the kidneys are at fault. Debility and consequent depression of spirits are usually among the first indications, and but little thought is given to them.

Among the symptoms of Bright's Disease are pains in the regions of the kidneys, increasing weakness and nausea. Then come swellings in the lower limbs and the face, scanty urine, albumen and sometimes blood in the urine, dry skin, thirst, drowsiness. In time other derangements are developed, such as pneumonia, pleurisy, bronchitis, pericarditis, and irregularities of the bowels; also dropsy and affections of the heart and liver, piles, headache, disturbance of the genital organs, depression of spirits, irritability, and sometimes insanity.

Diabetes is more common in males than females. In its later stages enormous quantities of urine are discharged containing sugar, and causing excessive thirst. The skin becomes dry, there is a lack of natural heat, the appetite is changeable, the digestive organs become weak and impaired, and emaciation results. When the disease is much advanced the gums become swollen and spongy, the teeth loose, and the breath very offensive. A complication of diseases is liable to set in, Bright's and tubercular consumption often being among them.

It will be seen that some of the symptoms of Bright's Disease and Diabetes are nearly the same, while some are entirely different. Both, together with the disorders which they develop, yield to the curative power of Warner's Safe Kidney and Liver Cure and Safe Diabetes Cure, when taken according to directions.

Such diseases as stone and gravel in kidneys and bladder, inflammation of the kidneys and bladder, catarrh of the bladder, congestion, etc., are better understood, but some of them had not been very successfully treated until the discovery of the Safe Kidney and Liver Cure, which has proved so effective in curing them.

The whole list of the diseases of the liver are equally unable to resist the healing virtues of the Safe Kidney and Liver Cure when properly used. They produce a variety of symptoms, such as lassitude, "blues," yellow and yellow skin, headache, nausea, diarrhea, costiveness, acid taste in the mouth, pain and tenderness in the region of the liver, poor appetite, weak digestion, bloating of the stomach and abdomen, water-brash, bitter eructations, flatulence, loss of flesh and strength, coldness of the hands and feet during the day, burning at night, and dropsy in the lower extremities. These disappear with the removal of their cause in the liver.

## Compliments of H. H. WARNER & CO.

In presenting to the public this sheet of beautiful music, which is worthy to be played and sung in every household in the land, we would also bring to their notice some medicines which are needed in every household. They are of five kinds, and known as **Warner's Safe Remedies**, and their character and merits are explained on these pages. The song and music are new, and are donated by us to the people, the only recompense we ask being a careful perusal of the printed matter by their side, and this request is made in the belief that, if the words are properly weighed and heeded, they will prove of lasting value to thousands and tens of thousands.

### THE SAFE NERVINE.

The nervous system is the source of all our pleasant or painful physical sensations, and when it is deranged the body cannot be healthy. **Warner's Safe Nervine** is needed to quiet the nerves when they are in this condition, and stop the pains that rack the body at times when affected by various diseases. Perhaps nothing equals it for these purposes, and as it never injures, no matter how large the dose taken, it is of the greatest benefit in arresting disease and hastening recovery by the recuperative rest and sleep which it produces. Nothing has so beneficial an effect on nerves disturbed or shattered by a carouse, or is so quieting to all nervousness; and it should be at hand for immediate use after any great shock to the system. It is often needed along with other remedies, to give temporary relief from the pains of the diseases for which they are administered. The **Safe Nervine** is the discovery of one of the celebrated physicians of the world, improved by one of less note, and has been used with the greatest success. It is undoubtedly the best remedy of its kind, and one of the rare blessings which have been brought to the knowledge of mankind in these progressive times. The sole manufacturers are now **H. H. WARNER & CO.**, Rochester, N. Y.

### THE SAFE BITTERS.

**Warner's Safe Bitters** is a scientific compound of the extracts of several highly medicinal roots and herbs, some of which are scarce and expensive; and yet it is offered at as low a price as the cheap and defective bitters of the day that cost almost nothing. It is the result of much study and a long series of test experiments. The intention has been to make it superior in its healing and invigorating properties to any other bitters, and at the same time pleasant to the taste; and this intention has been carried out. It is the best of blood purifiers. It helps the appetite and stomach at once, strengthens the whole system, and puts it in tone and tune. In eliminating the impurities of the blood, it cures the various painful and disfiguring diseases of the skin, including those of a scrofulous and cancerous nature, and stimulates all the functions of the body to more healthy action. It should be used by all dyspeptic persons, by aged people and confirmed invalids, and is good for all who do not enjoy perfect health, especially in the spring and early summer months. It has a beneficial effect upon all diseases. **H. H. WARNER & CO.** are the only manufacturers.

### THE SAFE TONIC.

Our **Bitters** are possessed of stimulating properties, giving to the action of the stomach and general circulation an invaluable assistance in digesting all kinds of food, and throwing off such effete material as naturally follows organic combustion. Aside from this important stimulating quality, which, in a modified way, is to be found in both preparations, our **Tonic** is pronounced by medical men and professional connoisseurs the finest ever brought before the public. In all cases of dyspepsia, chronic diarrhoea, or even habitual constipation, we find the delicate mucous membrane which lines the stomach and bowels either inflamed and ulcerated, or weak, thickened and flabby. In this condition, in consequence of the impaired digestion and improperly assimilated food, the material taken into the system, instead of being nourishing and beneficial to the body, produces skin diseases and countless other difficulties which cannot be mentioned here. The local effect of our **Tonic** is simply wonderful. It heals the affected membrane, and as a consequence all the symptoms following every species of dyspepsia immediately disappear. Both **Bitters** and **Tonic** fulfill the above indications in every case. The **Tonic**, being less active, is better adapted to feeble constitutions.

### THE SAFE PILLS.

**Warner's Safe Pills** were discovered by an English army physician, and were found remarkably effective against malaria among the British troops in India. In England they are recognized under another name as one of the best remedies for stimulating the liver and keeping the action of the bowels regular and healthy. They have never been extensively introduced in this country until now, but, in the two or three places on the Hudson where they have been used, have been considered much superior to all other pills. Their action is milder, and yet more effective, and they do not gripe and sicken. Taken at bed-time, they promote rest, and cause the liver to secrete the necessary bile for a natural operation of the bowels the following forenoon. They are frequently needed in the treatment of diseases with the **Safe Kidney and Liver Cure** to keep the bowels open. The two remedies together will eradicate all kinds of malaria from the system, and are therefore invaluable in miasmatic regions. Fevers and chills, biliousness and bilious diarrhoea, are removed by the **Safe Pills**; and they are especially beneficial to all who live or work in unhealthy places, and to nearly all sedentary persons. They will be manufactured in this country only by **H. H. WARNER & CO.**, but the supply will be made equal to the largest demand. As they are much more powerful than ordinary pills, the dose required is not more than half as large.

### NOTE THIS.

It is not only asserted that the **Safe Kidney and Liver Cure** is a positive cure for Bright's Disease and Diabetes, but it is guaranteed that it will cure 99 per cent. of all other Kidney Diseases, and 95 per cent. of all Liver Diseases. It is also guaranteed that each of the **Safe Remedies** is unsurpassed by any other remedy of its class. See our offer of \$1,000 in advertisements and on circulars.

**H. H. WARNER & CO.**

### SAMPLE TESTIMONIALS.

REV. J. E. RANKIN, D. D., of Washington, D. C., says, June 19, 1879: "I have known of several persons who regarded themselves as greatly benefited, and some of them as permanently cured, of diseases of the kidneys and urinary organs, by **Warner's Safe Kidney and Liver Cure**. I have known, too, of its use in similar cases by physicians of the highest character and standing. I do not doubt that it has great virtue." J. E. RANKIN, D. D."

628 L ST., WASHINGTON, D. C., June 9, 1879.

**H. H. WARNER & CO.**—Gentlemen: I have known of the remedy now called **Warner's Safe Kidney and Liver Cure** for the past eight months, and can personally testify to its efficiency in kidney and liver troubles. I can truthfully say that, in my opinion, it is the best and only efficient remedy for such troubles ever brought before the public.

Yours very truly, COL. JOHN K. MCCESNEY.

C. A. HARVEY, D. D., financial and educational secretary of Howard University, says, June 7, 1879:

"I am convinced that, for Bright's Disease in all its stages, no remedy heretofore used or described can be held for one moment in comparison with the **Safe Kidney and Liver Cure**." C. A. HARVEY."

EAST ORANGE, N. J., Oct. 8, 1879.

Some three months ago I found myself suffering with Bright's Disease—albuminuria. By the use of a reliable test, I found albumen in the urine, and in some slight degree, in a few instances, in a coagulated state. I suffered from dropsy, particularly about the ankles, slight pains about the kidneys, a derangement of digestion, great dryness of the skin, and at times much thirst, and of course a gradual failing of strength. This was about the state of things when I commenced using the **Kidney Cure**. I took about six tablespoonfuls every day for one week, when I found all my symptoms decidedly improved, and at the end of two weeks it was difficult to detect any trace of albumen.

D. W. BARTINE, M. D.

DETROIT, Mich., June 11, 1879.

About five years since I was taken with an affection of the liver, which gradually developed itself into chronic liver complaint. I tried numerous remedies without receiving any benefit, and gave up all hope of ever being restored to sound health, when I procured your **Safe Kidney and Liver Cure**, and, strange to relate, after using two or three bottles I felt my system undergoing a great change, which ended in a complete cure, and I have had no return of the disease since.

E. W. NEFF.

### An Old Man Restored to Health.

BATAVIA, N. Y., Sept. 15, 1879.

**H. H. WARNER & CO.**, Rochester, N. Y.—Gentlemen: For forty years I have suffered with Diabetes, being obliged to void urine as often as once in thirty minutes, and have also been a great sufferer from palpitation of the heart. I am now using your **Diabetes Cure**, and can truly say, at seventy years of age, that it makes me feel like a new man.

PETER SHOWERMAN.

ROCHESTER, N. Y., Oct. 5, 1879.

**H. H. WARNER & CO.**—Gentlemen: Without solicitation I desire to express to you my high appreciation of your remedy known as **Warner's Safe Kidney and Liver Cure**. Sometime since my attention was called to a gentleman who had for a long time been a great sufferer. After making a thorough examination of the case, I found that his kidneys and liver were badly affected. Not without hesitation, I prescribed your **Safe Kidney and Liver Cure**. The result, after taking two bottles, has been satisfactory in the extreme. Without hesitation, I would now prescribe the same remedy to all similarly afflicted.

Yours truly, R. CAULKINS, M. D.

The above you are at liberty to publish, if you choose.

SAMPLE TESTIMONIALS—Continued.

PROF. GREEN, M.D., a distinguished allopathic physician of the South, wrote to the *Medical Journal* to the effect that after all other means had failed, he sent for the Kidney Cure (*Safe Kidney and Liver Cure*), and, to his astonishment, cured a serious case of Bright's disease by administering it, and afterward found it equally beneficial in other cases. He advised his brother physicians by all means to use it, in preference to anything else, for kidney diseases.

A Letter Showing How the Life of Charles S. Prentice Was Saved.

TOLEDO, Ohio, September 25th, 1879.

MESSRS. H. H. WARNER & Co.—Gentlemen: Having escaped death from Bright's disease by the use of your remedy, I feel it a duty, not only to acknowledge my gratitude to you personally, but also to bring my case before the public, and leave those who are suffering similarly to judge whether a medicine not prepared by the "regulars" will cure this frightful malady, or not.

In the summer of 1872 I was first taken ill, with symptoms which I was informed were those of Bright's disease. I went to Marquette, Mich., and called to my aid a physician of noted ability. After remaining a considerable time under his care, I found no improvement; on the contrary, my disease was considerably aggravated. I next placed myself in charge of one of the first physicians in Toledo, Ohio, with no better result. I was then induced to try the skill of an eminent medical man in New York, and remained under his care six months. Finding myself growing steadily weaker, with no abatement of the kidney derangement, I began to despair of ever getting well.

In the summer of 1875 my friends induced me to go abroad, thinking that the sea voyage, together with the superior skill of foreign medical men, might effect a cure. I succeeded in gaining an introduction to the celebrated Dr. Declat, of Paris, and remained under his care fifteen months. He used in my case what is known as the carbolic treatment, and then every method which the most scientific men of the profession on the continent were known to employ. No improvement being apparent, the services of Dr. B., a gentleman of equal eminence, were next solicited. Seven months of careful treatment by this kind gentleman brought me to the beginning of the most aggravated symptoms of the disease. With swollen limbs, disordered liver, impaired digestion and serious irregularities of the heart, I proceeded to Manchester, England, and for five months my case baffled the skill of Dr. Roberts, one of the ablest men of his profession in England, and author of a work on diseases of the kidneys. His great knowledge did not avail in my case, and finally, despairing of any improvement, much less a cure, I returned to my native land in the belief that I must soon die.

When I reached home, two physicians were summoned, who, on subjecting samples of the urine to the test of heat and acid, discovered the presence of albumen in large proportion, while the microscope showed numerous casts. All this, together with the despairing look of my physicians, forced the agonizing conviction that death was inevitable. I then dismissed my medical attendants, with the intention of letting nature struggle on unaided to the end; for my confidence in the ability of medical men to cope with disordered kidneys had become, to say the least, greatly lessened. About this time I weighed myself in the presence of several friends, in the wholesale grocery establishment of Emerson & Co., Toledo, Ohio, and turned the scales at 212½ pounds, 67½ pounds more than my ordinary weight when in health; in other words, the tissues of my body were saturated with 67½ pounds or about 8½ gallons of water.

Finally, while listlessly lingering in pain and anguish, I was informed by a lady residing on Plymouth Avenue, Rochester, N. Y., that one Charles Craig, of Charlotte, had discovered a remedy for Bright's disease, with which he had cured himself and many others. I immediately repaired to his residence by the lake, and after a treatment of five weeks with the remedy (now called "*Warner's Safe Kidney and Liver Cure*"), all my symptoms abated, and I began to feel that I was almost a well man. I returned home, taking with me a quantity of the medicine, and now, although months have elapsed since I took the last doses I joyfully declare myself absolutely well in mind and body.

Should you have occasion in future to use this letter, you are at liberty to do so, and any one who hesitates to believe the correctness of my statements is respectfully referred to the following persons, who were aware of the character of my ailment, and the apparent hopelessness of my case: Madame Le Blanc, 30 Rue Drouot, Paris; Henrie Du Bois, 11 Rue Malesherbes, Paris; Dr. Steller, Bordeaux, France; Dr. E. Charmaux, Rue Algine and Luca Vichy, France; M. Jean Glelule, 81 Quai de la Moika; Bernard Bradshaw, Esq., 3 York Chambers, Adelphi, London; J. W. Long, Esq., London; John H. Wilson, New York; J. O. Reer, Toledo, O.; Thomas Daniels, Toledo, O.; J. Prentice, Toledo, O.

Respectfully yours,

CHAS. S. PRENTICE.

Extract from Letter from Bickett & Griffin, Druggists.

MONROE, N. C., Dec. 3, 1879.

We have no hesitation in saying that the *Kidney Cure* is the most efficient combination for obstinate kidney diseases we have known—and we have had no meagre experience, our Dr. Bickett being a practicing physician for nearly twenty years. \* \* \*

BICKETT & GRIFFIN.

A Mother's Gratitude.

ROCHESTER, New York, Nov. 21st, 1879.

Messrs. H. H. WARNER & Co., Rochester, N. Y.—Gents: From my own sense of duty, and upon the advice of friends, I have concluded to offer you a testimonial, proclaiming to the world that there is an absolute cure for Bright's disease in its worst form. My daughter, Carrie, has been afflicted with this terrible disease since she was five years of age; she is now seventeen, and, during these eleven years, her life has been a burden; she has been treated by the best physicians in Buffalo, Syracuse, Utica, Ithaca, Owego, Hornellsville, Rochester, and other places, and a fortune has been paid out in the vain endeavor to obtain cure or even relief, but all have pronounced her *incurable*; have said that her kidneys were nearly destroyed, and that there was no help for her, and she must abandon all hope of ever being any better. We finally heard of your *Safe Kidney and Liver Cure*, and suggested to different physicians that we make a trial of it; but they scouted the idea, pronounced it a humbug, and said it would be perfect folly.

We finally came to Rochester, and tried several physicians here, but they, like the others, were unable to do anything for her. We also mentioned your remedy to them, and they said it had a good reputation and made some remarkable cures, and encouraged us to give it a trial; so, as a last resort, we concluded to at least consult you, and seven weeks ago to-day I came to your office for that purpose. I took home two bottles of your Kidney and Liver Cure, and commenced giving it to her, according to directions, and, by the time she had taken one bottle, there was a marked improvement in her condition; she acquired control of her urinary functions, which she had not possessed since childhood; all bloat subsided; she began to gain in good, solid flesh, and gained thirteen pounds in about three weeks. After taking three bottles of the remedy, she has, in this short space of seven weeks, become *fully cured* of what was regarded a hopeless case of Bright's disease. I wish I could talk with every sufferer from this fearful disease, and tell them, as I can *not* in this letter, that I know Bright's disease, of the worst type, can be cured by Warner's *Safe Kidney and Liver Cure*, and I gratefully acknowledge that my daughter's life and health is due to the use of that remedy. Yours truly,

MRS. M. J. CRANE,

No. 4 Edinburgh St.

Being the subject of the above testimonial, I desire to testify to the truth of its statements, and express my gratitude to whom it may be due for recovery from this terrible affliction, and to recommend similar sufferers to make use of the same remedy that I did.

CARRIE E. CRANE.

BROCKVILLE, Canada, Sept. 25th, 1879.

Messrs. H. H. WARNER & Co., Rochester, N. Y.—Gents: While traveling through the State of Texas the past season, I contracted malarial difficulties that I had almost despaired of ever recovering from, and during the five months of my stay there was frequently prostrated and utterly unable to attend to my business; but through the recommendation of a friend living in your city I tried, as an experiment, your *Safe Pills and Bitters*, and am only too happy to testify to the beneficial effect derived therefrom. I experienced a marked improvement very soon, and in a very short time completely recovered. An occasional dose of the Pills, with a regular use of the Bitters, kept me in splendid condition during the remainder of my stay. I shall never travel in that climate without your *Safe Pills and Bitters* as a part of my outfit.

Yours very truly,

G. A. J. GADBOIS.

From R. L. Moseley.

Montreal, September 27th, 1879.

MESSRS. H. H. WARNER & Co.—Dear Sirs: I was afflicted for many years with terrible suffering which arises from dyspepsia. My physician gave me no relief, and much against my will I was induced to give your *Safe Bitters* a trial. It gives me great pleasure to inform you that my health is completely restored, though I have taken but four bottles; my appetite is good and I now suffer no inconvenience after eating hearty meals, while before nearly everything I ate caused me great distress and uneasiness. I can cheerfully recommend your Bitters to all.

R. L. MOSELEY.

From E. J. Campbell.

PHILADELPHIA, PA., October 4th, 1879.

H. H. WARNER & Co.—GENTS:—For the past ten years I have suffered the evil effects of what might be termed chronic consumption; my skin became yellow and my liver was all out of order; I tried all the remedies that could be obtained, as that was all I could do, after finding no permanent relief from regular medical treatment, and finally commenced using your remedies. I first tried the Pills, and at the end of one week my bowels attained a regularity and healthy action unknown for years. I was so pleased with the effect that I concluded to try a bottle of your Kidney and Liver Remedy, and although I have not entirely used the first bottle, I am so perceptibly improved and toned up that I write you giving this voluntary testimonial to the excellence of your remedies.

Yours truly,

E. J. CAMPBELL.

These are only sample testimonials. A great many others, giving equally positive and trustworthy evidence of the curative powers of *Warner's Safe Remedies*, can be furnished.

A musical score for a voice and piano. The vocal part is in soprano C major, 2/4 time. The piano accompaniment consists of a treble staff and a bass staff. The lyrics are: "isles of green line and boat thou - and joys Up - on A -- down Of Thous- and St. Law - - rence riv-er - - - - . St. Law - - rence riv-er - - - - . Is - - - land riv-er - - - - ." An instruction "ad lib." is placed above the vocal line.

A handwritten musical score for piano, featuring two staves. The top staff uses a treble clef and the bottom staff uses a bass clef. Both staves are in common time and key signature of B-flat major (two flats). The score includes dynamic markings like 'sforzando' (sf) and 'sva.' (sva.). Measures 11-12 show a melodic line in the treble staff with various note heads and rests, some with diagonal lines through them. Measures 13-14 show a continuation of this line. Measure 15 begins with a forte dynamic (f) and concludes with another forte dynamic (f).

A handwritten musical score for two voices (Soprano and Alto) and piano. The score consists of two systems of four measures each. The key signature is B-flat major (two flats). The vocal parts are in common time, while the piano part is in 2/4 time. Measure 1: Soprano has a dotted half note followed by eighth notes (one with a sharp sign, one with a double sharp sign), Alto has eighth notes, piano has eighth-note chords. Measure 2: Soprano has eighth notes, Alto has eighth notes, piano has eighth-note chords. Measure 3: Soprano has eighth notes, Alto has eighth notes, piano has eighth-note chords. Measure 4: Soprano has eighth notes, Alto has eighth notes, piano has eighth-note chords. Measure 5: Soprano has eighth notes, Alto has eighth notes, piano has eighth-note chords. Measure 6: Soprano has eighth notes, Alto has eighth notes, piano has eighth-note chords. Measure 7: Soprano has eighth notes, Alto has eighth notes, piano has eighth-note chords. Measure 8: Soprano has eighth notes, Alto has eighth notes, piano has eighth-note chords.
